**Keith Somma, M.D.**

PLEASE JOIN US in welcoming Keith A. Somma, M.D., to Central Coast Comprehensive Cardiovascular Imaging and C4 Imaging in Santa Maria. Dr. Somma brings an impressive educational background to our community with a Bachelor of Applied Science Degree and a Bachelor of Biomedical Science Degree from the University of Pennsylvania. He received his Medical Doctorate Degree from New York Medical College in 2004. Dr. Somma's Post-Doctorate training includes residency training in Internal Medicine at Scripps Mercy Hospital in San Diego where he and Dr. Harrison met and trained together. Dr. Somma is Board-Certified in Internal Medicine, Cardiology, Echocardiography and Nuclear Cardiology. He completed a three-year Fellowship in Cardiovascular Disease, spending his last year as the Chief of the Cardiology Fellowship Program at the University of Southern California, Los Angeles. He then spent an additional year training in interventional cardiology at USC specializing in angioplasty and stenting.

Our practice offers comprehensive cardiovascular care and specializes in non-invasive cardiovascular imaging, offering imaging services including echocardiography, vascular ultrasound, exercise and pharmacologic stress testing, as well as nuclear myocardial perfusion imaging studies. We also offer a full spectrum of invasive cardiovascular services such as coronary and peripheral angiography, angioplasty and stent implantation, and full spectrum device implantation such as pacemakers and defibrillators.

Both Dr. Harrison and Dr. Somma are on staff at Marian Medical Center and provide cardiology care and imaging services at Central Coast Comprehensive Cardiovascular (C4) Imaging located in the Coastal Valley Medical Center Building at 1510 East Main Street, Suite 101, in Santa Maria. Dr. Somma is available for consultations daily; to make an appointment, please call 928-0610 between 8:00 a.m. and 5:00 p.m. Monday through Friday. Most insurances accepted.

■ Local cardiologists offer comprehensive cardiovascular care and noninvasive imaging services.
